SPRING 2015—ISSUE 19

Published in Kerrville, Texas

THE GREYSTONE YEAR IN REVIEW

The Greystone Class of 2016 has come from all over the country to continue pursuing their dream of attending one of the five federal service academies. Day in and day out for nine long months, they have worked to improve as scholars, athletes, and leaders and now the finish line is finally in sight. The morning PT, evening Study Hall, Toastmasters, Community Service, Character Development, Leadership Training, and other daily Greystone tasks are done and replaced by Summer Vacation. And very soon, the students will make their way to academies, universities, and ROTC programs across the country to make their dreams a reality. But until then, if you'd like to see what the class of 2016 has been up to in this past year, please read on!

WISH LIST

Dear Friends,

The Operations side of Greystone is only partially funded yet the unfunded events and programs are as vital to Greystone as academics. Providing students with many opportunities in leadership, community service and additional athletics, these programs are an integral part of Greystone because they directly coincide with the expectations, preparedness and extra-curricular activities found at the U.S. Federal Service Academies. Any financial help in deferring these costs is greatly appreciated.

Events and Programs:

Scholarship Fund

We want to help every qualified student attend Greystone, no matter what their financial situation may be. Every donation will help!

Army Combat Uniforms (ACUs) for ROTC (\$200 per student)

Next year we will officially offer Army ROTC as an elective to all Greystone students. Those choosing to participate will be able to wear ACUs on class and lab days. To help offset the cost for individual students, please consider donating so that we can purchase these uniforms for the students!

Computer Server (\$500)

Our current server which was generously donated by a Greystone parent in 2007 is starting to slow down and run low on storage space. As we continue to expand the Greystone program, so too will we need to expand our digital capabilities so that we can continue to provide a top notch service to academy bound candidates.

New Greystone Van (\$32,000)

OR

Tires for the Beast (\$700)

The van affectionately known as "The Beast" is older than most of the current Greystone students and is in desperate need of new tires. Our options currently are to: 1. replace The Beast with a 2015 Ford Transit (gently used) or 2. buy four new tires so that it passes inspection that's coming up soon!

Greystone Preparatory School at Schreiner University uniquely offers Federal Service Academy candidates a one-year program with emphasis on academics, athletics and leadership through its affiliation with Schreiner University. Schreiner courses are fully accredited and taught by experienced professors with their doctorate degrees. All academic courses are in sync with first-year academy courses, providing Greystone students with a significant advantage over their academy classmates because they are more prepared for the true rigors they will encounter at the academies – academics, athletics and leadership challenges. In addition to university-level academics, Greystone supplements its program with a demanding athletic and physical conditioning program, as well as significant character development and leadership training throughout the entire year of study. Students who graduate from Greystone are better prepared for the scholastic, physical and leadership challenges that await them and therefore are more apt to maximize their four-year academy opportunity leading them to graduation and their commissions.
