## **Announcements:**

### **Squad Shirt Rotation:**

First Squad: Green

Third Squad: Grey

Second Squad: Cobalt Blue

Fourth Squad: Navy Blue

## **Reminders:**

**Room Inspection:** The Greystone program is designed so that every day, you get a little bit stronger, a little wiser, and a little more prepared for the challenges of the academies. As you continue to grow, so too do our expectations. We raise the bar a little bit higher every day and that includes room inspections. Yesterday's standards were good, but tomorrow's are going to be better, never worse.

**Staying Healthy:** Part of the experience of living in a dormitory for the first time is finding out that germs travel fast. But we don't want you to stress out too much over them. As long as you shower regularly, wash your clothes and bedding regularly, and sanitize surfaces like light switches and door handles every once in a while, you will effectively fight off germs.

***If you're going through hell, keep going.***

***Winston Churchill***

Respectfully,

Danielle Schaefer
